

Professional Portfolio

Directions:

1. Include activities that **YOU** have planned and used in past lesson plans in your program.
2. Indicate the age group (**preschool setting: 3s, 4s, or 5s**) **OR** (**infant or toddler**) and list the intended goals, materials and processes/teaching strategies.
3. Discuss why it is developmentally appropriate for that age group.
4. It is best to include a Visual/Sample/Picture of your activity and place it in a plastic sheet cover.

Be sure to save this assignment to print off and include in your **Professional Portfolio**.

Make sure that you scroll down and complete all parts of this assignment.

RC II-1 Science/Sensory	
Activity Light table science exploring with snow	Age Group Preschool 4s or 5s
Objective Exploring different colors on the light table and reactions of different children.	
Materials Needed Multiple snow sensory bags Light table Timer	
Process and Teaching Strategies Begin by prepping your sensory bags and sealing them shut. Place the bags on the light table and use the timer to take turns. Ask the children about what they are observing and encourage experimenting with placing bags side-by-side or on top of each other. Notice what the children do with the bags.	
How is this activity Developmentally Appropriate? This activity is developmentally appropriate because it supports children's critical thinking skills and turn-taking.
