

# Professional Portfolio

## Directions:

1. Include activities that **YOU** have planned and used in past lesson plans in your program.
2. Indicate the age group (**preschool setting: 3s, 4s, or 5s**) **OR (infant or toddler)** and list the intended goals, materials and processes/teaching strategies.
3. Discuss why it is developmentally appropriate for that age group.
4. It is best to include a Visual/Sample/Picture of your activity and place it in a plastic sheet cover.

⇒ Be sure to save this assignment to print off and include in your **Professional Portfolio**.

***Make sure that you scroll down and complete all parts of this assignment.***

RC II-9 Mathematics	
<b>Activity</b> Building LEGO patterns	<b>Age Group</b> - Preschool: 3 Years
<b>Objective</b> Understanding of mathematical concepts related to color, number, size, sorting, patterning, symmetry and balance.	
<b>Materials Needed</b> Legos Numerical LEGO mats	
<b>Process and Teaching Strategies</b> Have children make a pattern and stack up the number of Lego bricks that corresponds to the number in front of them.	
<b>How is this activity Developmentally Appropriate?</b> This activity is developmentally appropriate because it helps children with understanding patterns and children are able to make predictions about what should come next.
